

	Automation Easy	Automation Pro	Automation Enterprise
GENERAL			
Maximum printers per server	5 / unlimited	unlimited	unlimited
Runs as service ("background application")			
Native 64-bit execution option			
Supports 32-bit and 64-bit desktop and server Windows systems			
PERFORMANCE			
Multi-threaded printing			
Label templates and printers can be updated without system downtime			
Failover cluster support			
Load-balancing cluster support for TCP/IP, HTTP and Web service triggers			
TRIGGERS / CONNECTORS			
File drop			
Serial port (RS232)			
Database monitor			
TCP/IP socket			
HTTP			
Web Service			
FILTERS – DATA EXTRACTION AND MAPPING			
Process structured text data (CSV and fixed-width columns)			
Dynamic auto-mapping fields to label variables			
Process XML data			
Process unstructured data ("The Mapper")			
Process the same input data through multiple filters			
Live color coded preview of extracted data fields during configuration			
Filter execution simulation (test mapping without print)			
UNSTRUCTURED DATA FILTER - MAPPER			
Binary data support			
Graphical display of non-printable characters			
Repeatable data blocks			
Auto-configuring the field-variable mapping based on the matching names

COMPLIANCE & STATUS FEEDBACK			
Asynchronous printing (do not wait for status feedback)	↗	↗	↗
Synchronous printing (wait for status feedback)		↗	↗
Return job status		↗	↗
Return printer status		↗	↗
Process Oracle XML data (WMS and MSCA)		↗	↗
Process SAP AII XML data		↗	↗
ACTIONS, COMMANDS AND RULES			
Print labels	↗	↗	↗
VB and Python scripting	↗	↗	↗
String data manipulation: Search & replace	↗	↗	↗
Advanced string manipulation functions	↗	↗	↗
Printer selection from input data field	↗	↗	↗
Conversion of XML formats using XSL style sheets (XSLT)			↗
Web Service client			↗
Execute SQL statement			↗
Send data to TCP/IP socket	↗	↗	↗
Send data to HTTP			↗
Send data to printer	↗	↗	↗
Save data to file			↗
Read / Send data to serial port	↗	↗	↗
Run 3 rd party applications in command-line	↗	↗	↗
Conditional actions (execute action only when defined condition is met)	↗	↗	↗
Try-Except support (easier configuration of conditional actions)			↗
Native commands (NiceCommands)		↗	↗
Executing native command files support (including XML formatted)		↗	↗
RECOMMENDED LABEL DESIGN AND MANAGEMENT			
	Designer Pro	Control Center Pro	Control Center Enterprise
Professional graphical label designer	↗	↗	↗
Extensive linear and 2D barcode symbology	↗	↗	↗
Pre-made compliance label samples	↗	↗	↗
Centralized document and logging repository for control and traceability		↗	↗
Controlled role based access to label templates		↗	↗
FDA compliant security with electronic signatures			↗
Multi-stage label template approval workflows and versioning			↗
